Subject: Application for Coding/Programming Tutor Position

Dear HR Manager

I am writing to apply for the Coding/Programming Tutor position at Bella PLC. I hold a B.Sc. in Software Engineering and have hands-on experience in React.js, Node.js, Python, and database systems (MySQL, MongoDB, PostgreSQL). I have built and deployed several full-stack projects that strengthened my coding, debugging, and problem-solving skills.

I am passionate about teaching and simplifying complex programming concepts for learners. My strong communication skills and practical experience allow me to guide students effectively in both theory and real-world projects. I am confident my technical expertise and enthusiasm for education align well with your company's mission.

Respectfully yours
